- Questions and discussion

R y h u y l h z

**December 2009:
Extend Circle
line from
Edgware Road
to Hammersmith
(frequency
almost doubled)**

**First stage of line
upgrade.
Necessary to
realise full
capacity and
reliability benefits
of new trains and
signalling**

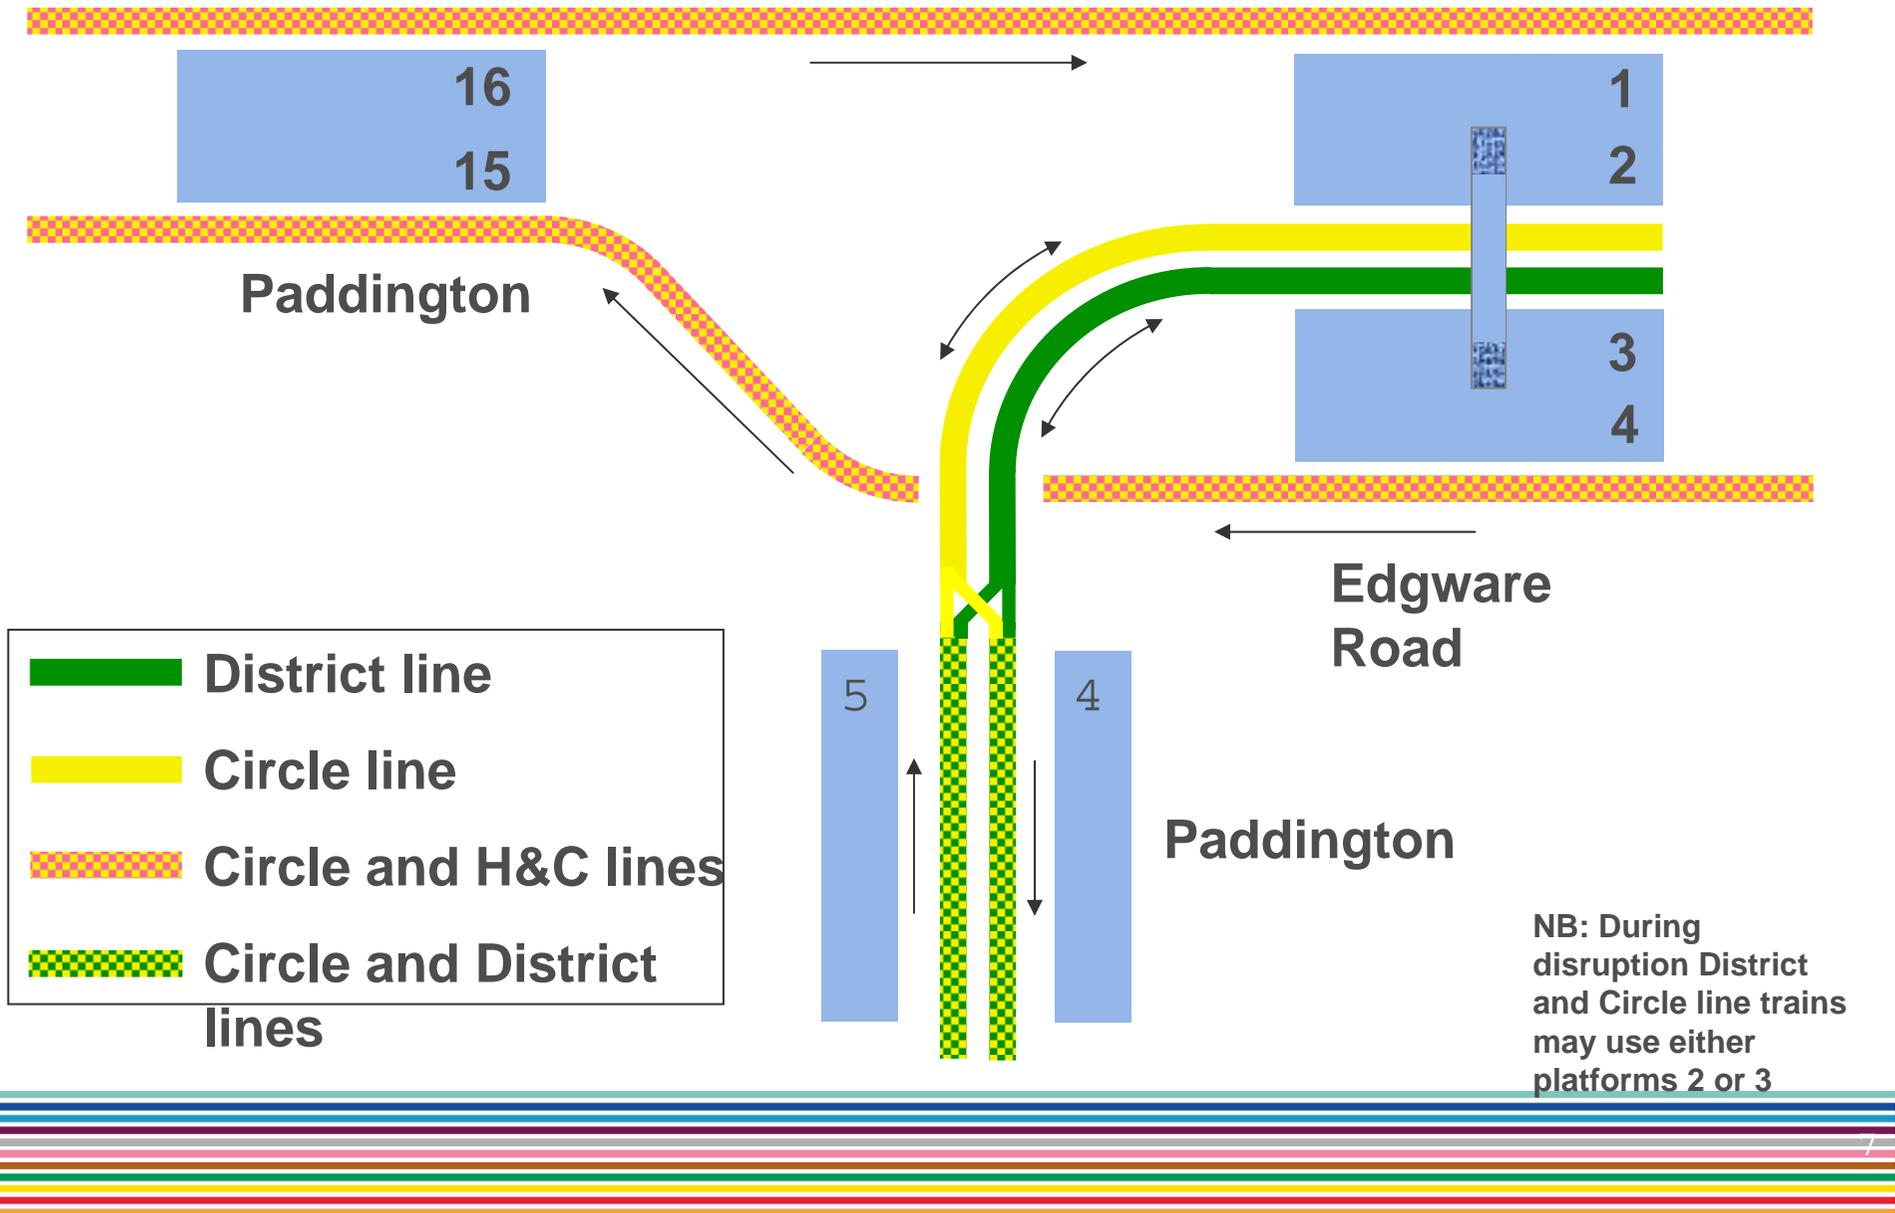

**Circle line trains
coming from
Bayswater
terminate and
reverse at Edgware
Road**

**End-to-end service
rather than
continuous circling
improves reliability
and allows quicker
recovery from
disruption**

**Minor changes
to other Sub-
Surface lines
take place at
same time**

Edgware Road and Paddington

Latest preparations

Since the last update in May 2009

- Work on customer information much more developed
- Timetable and staff rosters being finalised
- Agreement with Network Rail on Paddington congestion management plan
- Continued stakeholder engagement
- Staff training well under way
- Two successful pilot weekends

Pilot operations

- Weekends 27/28 June and 4/5 July
- Coincided with Piccadilly line closure to Heathrow: additional customers using HEx to Paddington
- Service ran almost entirely to timetable
- Edgware Road platform arrangements worked well
- Improvements to customer information made in time for second weekend
- Final pilot coming up: 24/25 October

Implementation

- Sunday 13 December 2009
- First customer information available from start of November
- Additional information in run up to and after implementation date
- Meet-the-manager sessions at key locations
- Committed to post-implementation reviews

The new extended Circle line

- A more reliable service
- Fewer delays
- More trains to Hammersmith

From Sunday 13 December 2009

For further information pick up
a leaflet from any Tube station
or visit tfl.gov.uk/tube

Circle line changes

From Sunday 13 December

All trains from this platform
will run to Hammersmith via
Paddington.

For stations towards
High Street Kensington
take a Hammersmith train and
change at Edgware Road for
the District and Circle lines.
